Plot #011

approx. headstone placement

Note: lying on the ground, approx. **Grave #9** is what appears to be a granite (?) stone with "O.A.T." carved on one side (abt. 2"X4"X12"). It is not known what this signifies nor if this is the correct location for this marker, or even if it is an actual grave marker? (Loc. shown above)

= New marker as of 5/21/08—
installed by Granddaughter, Margaret Breck

= perimeter fencing

Plot enclosure: none
