Note on old plot map regarding **Andrew Walker—1956:**

"Oct. 3, 1956, grave #1 was opened. Concrete liner was put in grave. After liner was in grave #1, request was made to bury Andrew in grave #8 with his father. Request was granted. Empty liner remains in grave #1." It is not known whether the liner in questin remained in the grave when Ochsenbein burial took place.

Melvin A. Walker both burial permit and receipt show burial to be grave "#1A". It is not known where grave #1A was intended to be?
